

H.R. 5284 creates a system of certainty and allows the workers' compensation settlement process to move forward while eliminating millions of dollars in administrative costs. It will help create clear and consistent standards, currently lacking in the process, to address workers' compensation issues. Most importantly, it will benefit all parties involved—injured workers, employers, insurers and CMS.

I am hopeful that the House of Representatives will be able to move H.R. 5284 towards enactment.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. BRADY) that the House suspend the rules and pass the bill, H.R. 1845, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the yeas have it.

Mr. BRADY of Texas. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this question will be postponed.
